RE: Tulare-Kern Funding Region DAC IRWM Involvement Program

To Whom It May Concern:

This letter is to inform you that a funding agreement has been executed between the County of Tulare and the California Department of Water Resources for the Proposition 1 DAC IRWM Involvement Program for the Tulare-Kern Funding Region. A key component to of the proposed Program is a Project Advisory Committee. The Project Advisory Committee is comprised of members and DAC representatives from each of the IRWM groups in the Tulare-Kern Funding Region as well as a Tribal representative.

The Project Advisory Committee has be formed and will hold a kickoff meeting in April. As such, I am requesting your assistance in identifying a Tribal representative that would like to serve on the Project Advisory Committee.

The Project Advisory Committee will meet approximately four (4) times per year throughout the three (3) year Program. The Project Advisory Committee will be responsible for making recommendations at key milestones including: DAC projects to be funded through the Program's Project Development Task, prioritizing the Needs Assessment features, and development of the DAC Education and Outreach Task.

If you have any questions, please contact Denise England, Water Resources Program Director, at (559) 636-5000 or DEngland@co.tulare.ca.us.

Sincerely,

Denise England
Water Resources Program Director
